My first Ladies Conference! I didn't know what to expect at all. I only knew the two other ladies who I came with but came away having made new friends. I thoroughly enjoyed every second! I felt so lifted, so held, so cherished and so safe. Everything was so well organised. The accommodation and the grounds of the Conference Centre are all really lovely. The food was excellent, especially as I'm wheat and dairy intolerant. Attention to detail for everything was amazing. I cannot wait until the next one! Where do I sign?!
