

## **Michelle Bowditch, Bristol Branch**

I was really looking forward to the Ladies Conference. It was my third time at the conference and my second time with my Mum & Dad (who does his own thing during sessions!). I was also really pleased that my friend Sue was able to come as I knew she would be really blessed. I loved the teachings we received, and the worship. I managed to go into the Prayer Room and a lovely lady prayed for me. At the end of the conference a lady stood up and shared about a situation she had faced, which was like the one I had prayer for. She really inspired me that God gets us through situations and that I just have to fix my eyes on Jesus.

Thank you Lord for all those who shared during the weekend and blessed others.

My thoughts on the CMA Ladies Conference - in short; we were all accepted in love as family throughout the weekend!

Highlights for me included: I enjoyed the session lead by Heike: 'The Poor in Spirit'. It was very encouraging to ponder on her thoughts. Natalie was a lovely Lead for Worship. I believe she has the gift of the Holy Spirit linking us to very special times of worship together.

Four lovely ladies had to leave early to drive to Manchester Airport for flights home. Sandy heard that they had been in an accident. She stopped the meeting and we prayed immediately. Two CMA ladies drove to be with the ladies who had an accident. We were given peace and all four were sorted.

So well managed. Praise the Lord for the love in Jesus that was demonstrated. Love and thanks to you all.
